Wiggle Worms (From apprx. 6 months to beginner walkers) – ACCOMPANIED

Your little one is very curious and experiencing many things for the first time. Let us help your child with some fun 'first' movement experiences. Your child will have fun creeping and crawling through tunnels, playing with balls in the ball pool, bouncing and swaying to our musical activities and much more. All while developing body and spatial awareness in addition to balance and coordination. Our specially designed hand equipment will help to develop fine motor skills, eye tracking and hand-eye coordination. Parachute play provides an extra element of fun!

Busy Bees (Confident walkers to 18 months) – ACCOMPANIED

Your child is walking confidently! Let our program build on this achievement by further developing the necessary skills your child needs to be stronger and more confident on their feet. Activities will focus on body awareness, balance, coordination, rhythm and timing. Our ever changing equipment set up provides many opportunities for exploring and discovering while enhancing cognitive development. This is a time of rapid change for your little one and we are always developing our lessons with this in mind.

Tumble Tots (18 months to 3 years) – ACCOMPANIED

Your child is becoming more proficient in their movement. Their manipulative skills are beginning to mature and they can handle more complex objects. Our activities are designed to introduce more complex movements and focus on developing hand eye coordination, cross pattern movement, motor planning, spatial awareness and orientation. The use of hand plays, small equipment, musical instruments and parachute play further stimulate the joy of movement.

Little Steps (1-3 years) - ACCOMPANIED

We aim to prepare children for going off to 'drop off' style playgroup with our Little Step Sessions! We provide the structure of a playgroup, but a parent or guardian remains in the class with the child. This allows the children to become more independent at their own pace while benefitting from a stimulating social and educational playgroup environment. Activities include circle time, free time, snack (from home) and story time, a craft activity, and sensory play and fitness fun during every class. From time to time we will also have a learning theme that our activities will be centered around to enhance the children's development throughout the term.
